Relevant Experience

Software Engineer [Mobio Solutions](#) Sep 2021 - July 2022

- Build, style, and ship high-quality design systems, mobile apps, and cross platform digital experiences for a diverse array of clients using technologies such as Swift, Java, React-native, CSS, JavaScript, CSS, TypeScript, SwiftUI, and more
- Lead the development and architecture of technical tools like content management systems, REST APIs, and continuous integration pipelines to fulfill business requirements
- Work alongside product & project managers, designers, and other engineers to transform creative concepts into refined digital experiences at an agile (2-week) cadence
- Spearhead company-wide accessibility initiatives such as creating documentation for best practices, establishing a standard accessibility checklist for developers, and facilitating knowledge shares
- Clients included **DPWorld**, **Intech**, and more
- Worked with the UIKit, SwiftUI, RESTful APIs and integration of web services, and mobile app development frameworks and libraries for iOS Development.
- Worked on React-Native Projects with uses of Context API, React-Redux, React Hooks, and NativeComponents/Plugins of both platforms Android/iOS.
- Deployed apps using Play Store Console, App Store Console Certificates, and Profiles
- Maintain and enhance the mobile CI/CD pipeline and tooling.

Software Developer [iTechnosol Inc](#) Jan 2019 - Aug 2021

- Built and delivered technical solutions according to stakeholder business requirements
- Performed quality assurance tests on various sites to ensure cross-browser compatibility and mobile responsiveness
- Collaborated with designers and other developers to ensure thoughtful and consistent user experiences across iTechnosol's iOS and Android mobile apps
- Built and delivered technical solutions according to stakeholder business requirements
- Provide leadership within the engineering department through close collaboration, building tools to improve developer experience, and mentorship
- Projects were created using appropriate Architectures, such as **MVC** and **MVVM**, and performed Version Control using tools like **GitHub** **BIT-BUCKET**, and **GitLab**.
- Translate design and wireframe mockups into functional mobile apps

Education

Humber College - Post Graduate Certificate 2022 - 2024

Gujarat Technological University, India 2015- 2019

Bachelor of Computer Science and Engineering.

Interests

Sports, Movies, Adventure activities, and Social work
